
New Patient Paperwork Jan 2021

Thank you for scheduling with me - I look forward to working with you to improve, maintain and monitor your health. Please complete the following questionnaire as best you can. There are very few items which are mandatory (marked with *), but the more information you can provide, the better I can serve you. If you would prefer to complete this information on paper, you may find a paper version on my website: doctorbijana.com/newpatients. If you aren't able to print the paperwork, please contact me by phone and a copy may be mailed to you prior to your initial visit. Parts of this questionnaire are widgets which pre-populate my EHR and the questions are not worded exactly as I would have. If there is a question which you find offensive, please accept my apologies. For those and for questions for which none of the answers apply to you, please leave that question blank and provide additional information in the space provided at the end of the form.
